DUAL INVOICE SAMPLE

Invoice No	**#1234567**
Invoice Date	**August 20 2020**

ITEM	DESCRIPTION	QUANTITY	UNIT PRICE	TOTAL PRICE
Product 1	Product 1 description here	2	9,850.00	19,700.00 (THB)
Product 2	Product 2 description here	4	30,000.00	120,000.00 (THB)
Product 3	Product 3 description here	1	17,550.00	17,550.00 (THB)
Product 4	Product 4 description here	3	88,700.00	266,100.00 (THB)

If a rate is not given, you can still calculate it by dividing the USD amount by the foreign amount. Ex: $18,673.55 / 460,450 = 0.040555

Terms & Conditions:
All the disclaimers, rules, and regulations

	THB	RATE	USD
SUBTOTAL:	423,350.00	0.040555	$17,168.96
SHIPPING:	37,100.00	0.040555	$1,504.59
TOTAL:	460,450.00		$18,673.55

Total foreign amount to be paid in foreign currency. The vendor will accept either the Thai Baht (THB) total or the USD total.

Total foreign amount converted into U.S. dollars. The vendor will accept either the THB total or the USD total.

A dual invoice needs to include the banking information such as the IBAN number or SWIFT / BIC code.

An example rate from CXI could be: 460,450.00 THB x 0.03946 = $18,169.35 USD. In a case like this, you would save $504.20 in the rate compared to sending the payment in U.S. dollars.
